A safe & fun way for
boys and girls to

League Philosophy

- Blue and Gold Passing League is a non-contact, flag football passing league designed to teach the sport of football in a safe environment.
- Each session will begin with an active warm-up, then a brief fundamental instructional period. This may include throwing mechanics, catching drills, route running, defensive technique, pass defense strategies, basic offensive schemes and other skills used in the pass game.
- Players will then have opportunities to participate in a 7-on-7 passing game.
- Our goal is to have every participant have a fun, safe, positive experience in which he or she learns the value of cooperation and hard work. We want them to leave with a better understanding of the sport and to have a love for the game.
