

NOTICE OF

**ASBESTOS INSPECTION
MANAGEMENT PLAN LOCATION AND AVAILABILITY**

Aquinas High/Middle School, La Crosse 8/1/2024
School **Date**

The original EPA AHERA asbestos inspection, management plan documents, and additional information pertaining to response action activities, post-response activities, periodic surveillance, 3-year re-inspections, that are planned or are in progress, are available for review during this **2024-2025** school year. The 3-year asbestos re-inspection of our facility has been completed and is also on file for your review.

If you wish to review this school’s EPA AHERA-related documents, appointments must be made with the Asbestos Program Manager (as listed below) at least one working day in advance. Copies of the documents are available from the same location upon 5days notice at \$0.10 per copy.
