### **Favorite thing about teaching at Aquinas?**

"My favorite thing about teaching at Aquinas is building a strong relationship with my students and their families, who are always there to support us. It has been great to watch my former students grow up as Blugolds on the court, on the stage, and in the community."

### **Hobbies or Interests Outside of School**

"Outside of school I enjoy cheering for my children at their sporting events and sometimes you can even hear me on the livestream. I enjoy traveling with my family and this past summer I was able to travel with my husband on a business trip to Australia. Also, anyone who knows me will also tell you I love shoes!"

### **Interesting Fact**

"In high school I worked at Subway as a Sandwich Artist."
